

Listen... To what these owners say about the Thatch-Away SUPA-SYSTEM!

Thatch-Away Verticutter

■ "Best I have used in the 45 years I have been Greenkeeping."
Golf Club – East Sussex

■ *"Absolutely fabulous, this unit outperforms anything else on the market."*

Golf Club – Glasgow

■ "Excellent. Don't understand why we've never purchased any earlier. Tungsten tips are so hard wearing even with constantly dressed greens."

Golf Club – Worcestershire

■ *"The Thatch-Away units do exactly what I was told they do. Which is a rare thing. Most machines fall down on some point or other. The Thatch-Away units do not"*

Golf Club – Essex

■ "Improves pace and speed of greens considerably. Pleasure to use, simple to adjust."

Golf Club – Merseyside

■ "Very pleased with the purchase. They are easy to set up, adjust and allow us to complete the job in about 1/4 of the time it used to take."

Golf Club – Worcestershire

■ *"Simply Brilliant! Refines the rougher grasses and speeds up the greens without reducing the height of the greens mower."*

Golf Club – Tyne & Wear

■ "Fantastic. One of the best new machines brought out in the last ten years. Can even make bad greens look good."

Golf Club – Hertfordshire

impressed with the units."

Golf Club – Lancashire

■ "Absolutely Magnificent!"

Golf Club – Middlesex

Rotary Brush

■ "Very good after heavy topdressing when set to lightly touch the sward."

Golf Club – Aberdeenshire

Topdressing Brush

■ "We have used them for working in dressing, or lifting turf before mowing. Excellent."

Golf Club – Merseyside

Poa Buster/ Groomer

■ "Great value. After using them through June the Poa was history and my ears got a rest."

Golf Club – Aberdeenshire

Sarel Roller

■ "We have had less dry patch this year despite a long, dry season. The Sarel rollers have played a major part in this. We have used them on almost a weekly basis at times."

Golf Club – Merseyside

■ "These rollers are fantastic for keeping the surface of greens open to aid irrigation and fertiliser to be taken in much quicker."

Golf Club – Kent

They really are as good as everyone says!
